

The Paducah Evening Sun.

VOL. XXVII. NO. 117.

PADUCAH, KY., WEDNESDAY EVENING, MAY 18, 1910.

TEN CENTS PER WEEK

FIRST NATIONAL WILL CLEAR OFF SITE THIS WEEK

Work on New Building Will
be Started by St. Louis
Concern.

Will Occupy it Before New
Year's Day.

EXCLUSIVE BANK BUILDING.

The contract for the erection of the new bank building by the First National bank at the southwest corner of Third street and Broadway has been awarded to the C. L. Gray Construction company, of St. Louis. Work of clearing the site will begin this week, and the new building will be rushed to completion as rapidly as possible. It is expected that it will be ready for occupancy by December 1. The bank has already moved into the building occupied by the Globe Bank & Trust company.

The new building will be erected at a cost of about \$40,000, and it will be one of the handsomest exclusively bank buildings in the state. It will be constructed of stone throughout, and will have a frontage of 12 feet on Broadway and extend back 57 feet, nine inches on Third street. The building will be one story in height, and will be occupied solely by the bank, which is one of the strongest financial institutions in the city. It will be as high as the ordinary two-story building. The interior of the bank will be equipped with every modern convenience. The contract for the furniture will be awarded later, but as far as possible all the furniture will be steel and fire proof.

A modern safety vault will be installed in the building for which has not been let. It will be equipped with private safety deposit boxes for the reception of jewelry and valuable papers.

Mr. E. E. Hallenberg, a representative of the contractors, arrived in the city this morning and will remain several days placing contracts for the furnishing and materials for the construction of the building. As far as possible, he stated, the materials would be purchased from Paducah dealers. Mr. Joe Worle, who will superintend the erection of the building is in the city and will remain until the completion of the building.

The site is occupied by two old business houses which will be razed to the ground. It is one of the most important corners in the city.

Capt. Kirkpatrick Here.

Capt. George W. Kirkpatrick of Evansville, arrived here last night and accepted P. W. DeMeyer, of Plover, Tenn., for the signal corps. Capt. Kirkpatrick returned home this morning. DeMeyer is 32 years old and a former telegraph operator. He left for Fort Wood, N. Y., where he will be stationed.

Illinois Majors at Cairo.

Invitation have been received in the city by a number of business men, inviting them to attend a banquet tomorrow night at Cairo, to be given at the Halliday House by the Illinois Majors' association. The majors are meeting in Cairo, and the session will close with the banquet. Some of the most prominent men of the state will be present.

MR. JOYNES RETURNS FROM FUNERAL OF HIS FATHER.

Mr. A. L. Joyne, manager of the local branch of the East Tennessee Telephone company, returned early this morning from Cincinnati, where he attended the funeral and burial of his father, Mr. L. C. Joyne. Mr. Joyne died last week at his home in Washington, but was buried in Cincinnati, his home for many years.

WANT REFORM IN STATE LAWS

Gov. Deussen of Illinois Strongly Indorses Uniformity Movement.

Chicago, May 18.—Urging reform in state laws and declaring diversity of federal and state laws, with the resulting conflict of judicial decisions and authorities, is the chief subject of a meeting of the National Civic Federation here today.

Although unable to attend the meeting in person, Governor Deussen, of Illinois, sent a communication strongly indorsing the movement for uniformity of state laws.

John Mitchell, former president of the United Mine Workers, made a plea for uniform laws on the subject of prevention of industrial accidents and proper compensation for victims.

Twenty Thousand People Passing Bier of King Edward Every Hour of Day---Hundreds Waited in Rain

Stream of Subjects Seven
Miles Long Stretches Back
From Westminster Hall....
Impossible For All.

London, May 18.—For the second time Roosevelt visited George at Marlborough House. He was accompanied by Mrs. Roosevelt. It was her first presentation to the king. He returned the call of King Frederick, of Denmark. Hundreds of persons remained in the streets all night in order to be the first in the line to view the body of Edward, despite the rain. This morning people are being rushed past the bier at the rate of 20,000 an hour.

Many of those who kept an all night vigil were overcome and taken away in ambulances. Such a dense throng was outside Westminster at 6 o'clock that many of those who arrived after that were compelled to wait until 9 o'clock before they were admitted. At noon the crowd was so big that it was useless for others to arrive. The patience and suffering of the people greatly affected the queen mother. She wept when she saw the depth of their love for the dead monarch.

By 4 o'clock this afternoon 130,000 people had viewed the body of the king. As many more are waiting. The line stretched away seven miles.

Auto and Bicycle Collide.
Mr. Sydney Luch, driving his automobile, and an unknown bicyclist, collided at Tenth and Jefferson streets about 10 o'clock this morning. The bicyclist was thrown off, but not injured. The auto swerved into a telephone pole in trying to avoid a collision and was slightly damaged. The bicyclist was crossing Jefferson on Tenth street, and in an effort to pass ahead of the machine he was struck.

EIGHT DROWN IN RIVER.

Two Women and Six Children Are
Scept to Death.

Gilham, Ark., May 18.—Mrs. Wesley Wright and Mrs. Gena Heath and six children were drowned in the Mississippi river at 6 o'clock last evening. They were trying to cross the river in a wagon in darkness, and did not know the river was out of its banks.

MRS. HYDE IS LOYAL TO HER HUSBAND YET

Kanawha City, May 18.—Mrs. Hyde this morning declared she would never enter her mother's home until her husband was welcomed there as an innocent man. When told the family home was still open to her, she said, "What I told mother the night I left with Clark is true today. I never will enter unless Clark can go with me, and be received as an innocent man. My mother has been cruel and unjust in prosecuting Clark."

Fire Threatens Town and Help Cut Off

Calvert City was cut off from communication yesterday afternoon during the progress of a fire, which threatened the entire village, and called the population out to fight its progress. The blaze originated about 1:30 o'clock in a line of the residence of Mrs. Morgan, which, with another residence and Young's grocery store, was entirely consumed, entailing a loss of \$3,000, with \$12,000 insurance. Most of the contents were saved by heroic work. Fully 15 buildings were endangered and those who were not pumping water, or in the line passing the vessels along to the bucket brigade, were on roofs with wet carpets, quenching incipient flames, started by sparks from the burning store. It was an intense hour that succeeded the discovery of the blaze. A party line supplies the town with communication with the outside world, and this was carried out of the grocery and attached to a telephone pole, where a short circuit put the whole line out of business. So Calvert City fought its fire and conquered, while the outside world went on about its business in ignorance of a threatened calamity.

Blizzard Pond Work.
Mr. James Caldwell returned this morning from Chicago, where he secured machinery preparatory to beginning the digging of a ditch to drain Blizzard pond. It is expected to begin the work in a short time.

Can't Wrestle in Chicago.
Chicago, May 18.—The promoters of the Gotch-Zbyszko match who were refused a permit by the mayor to hold the bout here on Decoration day, may pull off the affair at the old Harlem race track if they cannot persuade or force the mayor through the courts to change his ruling.

Chicago Market.

The predictions and temperature for the past twenty-four hours will be found at the top of the seventh column on page four.

POPULATION OF PADUCAH WILL BE INCREASED 5,000

Tip Out That Census Will
Show Not Less Than
27,000 People

School Census and Directory
Corroborate.

TWO THOUSAND WEST OF CITY.

Paducah's population will show an increase of 5,000, or a gain of 500 annually since the last census was taken. While the enumerators are commanded to silence, this tip reached the street today from a reliable source, that the enumerators, eleven in all, would average 2,500 names apiece, giving the city a population of approximately 27,500. The last census gave the city 22,464.

The school census shows an increase of 218 in the scholastic population over last year and 74 fewer vacant houses, while the Caron directory solicitors report that they are finding fewer vacant houses than they did two years ago. They make no forecasts and their estimates are compiled after the copy is prepared for the book at Louisville; but they have no hesitancy in saying Paducah will show a substantial gain in population over last year. This company always figures the population more conservatively than do rival concerns.

An average increase of 500 annually in a decade, in which a severe panic occurred, and when no special boom was experienced, is more than the most optimistic citizens had expected, and many declare they will be surprised if the figures reach 27,000, especially astonishing will be the fact, when it is considered that the greater part of Paducah's more recent growth has been westward and outside the corporate limits. It is estimated that the failure of the general council to extend the city limits westward has cheated the city out of not less than 2,000 population, to which she is justly entitled in the census. Considering the densely settled communities on the west corporation line, Paducah may easily claim her 30,000 population, when the census reports are made public.

Attend K. T. Meeting.
Mr. E. W. Whittemore, eminent commander of the Paducah Knights Templar, left early this morning for Winchester to attend the annual state meeting of the Knights Templar. The nights will be in session today and Thursday.

Miss Maggie Houseman.
Miss Maggie J. Houseman, 62 years old, living two and one-half miles east of Boaz, Ky., died at 7 o'clock last night after a short illness of congestion of the stomach. She was born and reared in that vicinity and was widely known for her civility around. She was a faithful member of the Baptist church. She leaves three sisters and three brothers, who are: Mrs. Mary Vaughan, Mrs. Kate Farmer, Mrs. A. C. Warren; Messrs. W. S. and J. T. Houseman, all of that section, and Mr. A. W. Houseman, the retired groceryman of North Tenth street, this city. The funeral will be held at 4 o'clock this afternoon, the Rev. A. H. Murphy officiating. Burial will be in Mt. Pisgah cemetery.

Strikers Not Active

Hannibal, Mo., May 18.—No attempt was made by strikers today to stop work at the glass plant of Ilasco. Troops probably will be withdrawn tomorrow.

WAR IS RESUMED IN NICARAGUA

Bluefields Fears Madrid
FORCES WILL BEGIN SHELL-
ING THE TOWN.

Bluefields, May 18.—It is expected the final conflict in the Nicaraguan war will soon be fought. The armies of Estrada and Madrid engaged in a sharp battle yesterday at Rama. The losses were heavy. If Estrada's forces are defeated, Madrid's army will have a clear road to Bluefields. Americans fear the city will be sacked. Three United States gunboats are within wireless call. The steamer Venus is expected to start shelling the city anytime.

WAR MAY BE AVERTED.

Washington, May 18.—Through a trip-partite offer a mediation on the part of United States Brazil and Argentina, the war crisis between Peru and Ecuador is believed to be averted. It is believed both countries are ready to accept.

State Court of Appeals Passes on Contract in Restraint of Trade and Declares it is Null and Void

Condition of Dr. James is Re-
ported Critical Again---As-
sistant Inspector of Mines
is Reappointed.

Frankfort, Ky., May 18. (Special.)—In affirming a Louisville case, the appellate court holds that a contract made in restraint of trade is void and not enforceable in Kentucky.

Dr. James Critical.
Central City, Ky., May 18. (Special.)—The condition of Dr. A. D. James is critical. Three physicians were called in. He is not expected to live through the day.

Jones Reappointed.
Frankfort, Ky., May 18. (Special.)—The governor reappointed H. D. Jones, of Central City, assistant mine inspector.

Fight May Not Go as Scheduled.

San Francisco, May 18.—While none of the Alameda county officials will say they will try to stop the Jeffries-Johnson fight, there is a well grounded belief here that the big battle will not be held in Emeryville. The district attorney is said to be working on an opinion as to whether the fight can be held there, and the sheriff is waiting for his ruling.

Jeff Keeps Grinding.
Iten Lombard, May 18.—Jeffries kept up his training grind for two hours and fifteen minutes, his longest uninterrupted session. He showed no fatigue.

Johnson's Usual Stunts.
San Francisco, May 18.—Johnson went through his usual stunts. He expects to box ten rounds tomorrow.

Fight Declared on Again.
Los Angeles, May 18.—The Conley and Moran match, which was declared off last night, is on again. They will fight ten rounds June 7 at Naud, which no decision is permitted.

P. H. THOMPSON ACCEPTS PLACE OF DEPUTY KIDD.

Mr. P. H. Thompson has accepted the position of deputy circuit clerk of the circuit court of Clark county, Mo. Mr. Thompson is from Marshall county and is a former circuit court clerk of the Marshall county court. He is filling the place of Mr. W. C. Kidd, who has been unable to be on duty for several months owing to illness.

OFFICER IS ACCUSED OF UN- PARDONABLE OFFENSE.

Manila, P. I., May 18.—Col. Robert Ames was arrested at Fort McKinley, charged with conduct unbecoming an officer, and prejudicial to military discipline. He will be court-martialed immediately. This action follows the investigation of the suicide of Lieutenant Janney at a dance at Ames' house, March 12. It is alleged Janney's act was caused by the attentions of Ames to his wife.

OLIPHANT ALONE IS SUED IN SLANDER CASE

The suit for damages as the result of alleged slander, filed by Connelman W. L. Bower against John T. Oliphant, and the Vincennes Bridge company, is now a suit between the two men. This morning in circuit court Judge William M. Reed sustained the demurrer of the defendant as to the Vincennes Bridge company, but overruled the demurrer as to Mr. Oliphant. Attorneys for Mr. Oliphant sought to have the trial of the suit continued until the October term. Time was given until tomorrow morning for the preparation of affidavits, and the motion for a continuance will be taken up.

CUMBERLAND ASSEMBLY CENTENIAL SESSION

To attend the annual meeting of the general assembly of the Cumberland Presbyterian church seven representatives of the Paducah church will leave at 4 o'clock tomorrow morning for Dickson, Tenn., where the session will be held for one week, beginning tomorrow. This will be the centennial session and Dickson is the birthplace of the church. Those going from here are the Rev. and Mrs. D. W. Fooks, Mr. and Mrs. Jack Gilbert, A. J. Rudolph, Robert Roark and Belene Orr. They will be accompanied by the Rev. S. B. Rudolph and Mr. R. H. Rudolph, of Calvert City.

METEORITE FALLS THROUGH ROOF AT TOPEKA, KANSAS

Earth Will Enter Comet's
Tail at 9:20 O'clock,
Central Time.

Possible Shower of Meteors
Suggested.

AURORA SEEN IN THE SOUTH.

At 10:30 this morning a small meteorite fell through the roof of the Shynce building, Topeka, Kansas, striking within a few feet of the desk of J. W. Gulu. It created a panic among the clerks.

New York, May 18.—At 9:20 tonight the earth will enter the comet's tail and encounter fifty billion cubic miles of tail, whose estimated thickness is a million miles, and length twenty times as great. The distance between the earth and the head will be fourteen million miles, passing at the rate of 50 miles a second. The people of the United States will see, according to the consensus of scientific opinion an illumination in the western sky and meteoric displays. It will be impossible to see the comet till Thursday or Friday evening.

Harold Jacoby, Rutherford, professor of astronomy at Columbia university, says the comet will be visible in the future only in the western sky in the evening and will disappear by the end of June.

The moon will interfere with the view till May 24, and is likely will be seen at its best last week in June.

There is no danger in the collision with the earth.

Astronomers and scientists over the country have made preparations for its observance.

In Paris astronomers failed to reassure the public that the cyanogen gas in the tail of the comet is not dangerous. Hundreds raided the chemical shops to purchase oxygen to offset the effect of the gas. The question of the composition of the head comet, whether it is solid or gaseous, is to be settled when it passes across the face of the sun, according to Professor Wendell, of Harvard. He says solid matter would be distinctly visible.

Three hundred persons harried themselves today in a cave outside Atlanta, Ga. They believed the world is coming to an end. There was a panic in several of the state prisons.

Camille Flammarion, a noted astronomer, and a group of scientists have engaged Eiffel tower, Paris, to observe the comet tonight.

Aurora Frightens Negroes.

Jackson, Miss., May 18.—The fact that the earth is to pass through the comet's tail aroused the superstition of the southern darkey to a feverish excitement. In many places colored ministers are holding church services, assuring their flocks there is no danger. Many dug storm cellars to hide tonight, and others are prepared for the end of the world. A peculiar phenomenon appeared in the heavens of the south yesterday in the form of an aurora. Negroes dropped their work in the fields to pray.

Fine Dust Seen at Benton.

A telephone message from Benton this morning said everybody in the Marshall county capital is out with a smoked glass looking at the sun, and they declare that by getting at the right angle they can see fine particles of dust in the upper atmosphere, that creates a halo around the sun. They are greatly excited. Some people in Paducah say the same thing.

The colored population shows the greatest fear today, and several impromptu prayer meetings were discovered in private homes. Many refuse to go to work and are fastening in anticipation of the judgment day.

White folks are least demonstrative, but most of them are eager for information concerning the comet, and manifest symptoms of relief when assured there is nothing to be afraid of. The possibility of a comet sometime jumping the track and running amok among the planets has got everybody's nerve, apparently.

Scores will stay up tonight to see anything that is going on, and it is suspected many of the others will not sleep.

Manufacturers Dine Cannon.

New York, May 18.—Speaker Cannon will be the guest of honor of the National Association of Manufacturers at the annual banquet, closing the convention in this city.

SHERMAN PRAISES PRESIDENT TAFT

OPENS CONGRESSIONAL CAM-
PAIGN AT KALAMAZOO,
MICHIGAN.

Kalamazoo, Mich., May 18.—Enthusiastically defending Taft, to whom he referred as "the president who doesn't try to deceive the people," Vice-President Sherman opened the congressional campaign here today. He said: "Taft has moved steadily forward in the path of duty. Without reflection on his predecessor, I may say he is less spectacular, and is bringing about in a quiet way, without friction, many reforms in the government which the reports of the departments will show."

Sherman declared the election of a Democratic house would not be a repudiation of the recent tariff law, but of the Republican doctrine of protection. He said, "We've entered a national campaign to control the next house. The tariff law, under which we are now operating, will be the principal issue of the campaign. Were it thoroughly understood, and not misjudged, the continued Republican supremacy would be assured. A Republican majority will be construed as an endorsement. A Democratic majority will mean condemnation."

Colored Methodist Bishops.

Augusta, Ga., May 18.—The interesting and impressive service provided in the discipline of Methodist churches was carried out when Bishop M. F. Jamison and G. W. Stewart were consecrated, the ordination sermon being preached by Bishop C. H. Phillips, of Nashville, Tenn., until now the youngest, although one of the most brilliant members of the episcopacy and of the negro race.

Mr. Bagby Kills Grizzly.

Mr. Douglas Bagby has received a letter from his brother, Reuben, at Kettle Falls, Wash., stating that he had killed a large grizzly bear and captured two cubs. The deed was done about two weeks ago, while Mr. Bagby was hunting in the mountains near Kettle Falls. The cubs were taken home by him and may be sent to Paducah and added to the zoo at Wallace park. Several photographs accompanied the letter, showing the beautiful scenery and the capture. Mr. Bagby left here several months ago and is enjoying life on a fruit ranch owned by his brother-in-law, Mr. Ray. The letter stated that he was twirling for the Kettle Falls baseball team.

Ecuador Ready for War.

Troops Are Being Rushed to the
Frontier.

Guayaquil, Ecuador, May 18.—More troops are being rushed to the frontier. An artillery brigade splendidly equipped has left for Machala, in the southwestern part of Ecuador. Congress will meet in extraordinary session June 1 to deal with trouble with Peru.

FIREMEN ARE HOSTS TO CITIZENS TONIGHT

Fire Chief James J. Wood and his crew of firemen at the new Central fire station proved ideal hosts today. Open house was kept all day for the general public to see the new station which was recently completed. This morning the visiting hours were from 9 o'clock until 11 o'clock and a large number of visitors examined every department of the fire station, which is a mystery to the average citizen. This afternoon from 2 o'clock until 4 o'clock the station was flocked with visitors while this evening from 8 o'clock until 10 o'clock the station will be open to the visitors. Light refreshments were served during the day.

OLD PIANO FIRM In New Hands

MR. O. D. McLAUGHLIN, formerly manager of Fred P. Watson & Bro. Piano Co., 311 Broadway, is pleased to announce that he has purchased the business and stock on hand of that concern and will continue to conduct it at the same location.

Mr. Victor H. Thomas, so long and favorably known to the music lovers of this district, will be retained with the new firm and will be pleased to meet his friends and customers at the old stand, 311 Broadway.

Mr. McLaughlin, whose experience as manager for the former owners brought him many friends and acquaintances, cordially solicits the patronage of the public.

Only instruments of the highest class will be handled—Everett Pianos, Needham Piano-Players and other standard lines—and when you need anything in the way of a piano, piano-player or organ, it will pay you well to buy here.

O. D. McLAUGHLIN

Successor to

Fred P. Watson & Bro.

The Reason Why.

"Why do they say, 'As smart as a steel trap'?" asked the talkative boarder. "I never could see anything particularly intellectual about a steel trap." "A steel trap is called smart," explained the elderly person, in his sweetest voice, "because it knows exactly the right time to shut up." More might have been said, but in the circumstances it would have seemed unfitting. PUNCH.

Vincennes Lost.

Vincennes lost her first exhibition game of the season Sunday to the strong independent Linton team. The score was 5 to 4. Williams pitched for Vincennes and according to the reports is "some pitcher" although his team lost.

Hopkinsville Getting Ready.

Hopkinsville players are reporting and the workouts have begun. The New Era says:

"Those who are already here are: Dave Anderson, of Kokomo, Ind., second baseman and manager. Mr. Anderson comes highly recommended as a player, as a man who knows all the law and out of baseball and

who is capable of handling players to the best advantage. Then there are Murray, Bader and Burns, outfielders; McDill, Yon, Demarre and Schreiber, pitchers; Greer, Shuck, Olson and Diamond, infielders; Westley, catcher. Greer is from Princeton, Flaherty, Elliot and Wilkins, all local men, will try for places on the team in addition to the strangers who have come in."

Another for Street.

In the days of the old Kuty league Charles Street was catcher for the Hopkinsville team, and was one of the best receivers in the league. Now he is catcher for the Washington American league team and has received much comment upon his work. The Courier-Journal says:

"Charles Street has caught every championship game the Nationals have played to date, but because of the weak pitching he has been forced to do about twice as much work as ordinarily would be the case. Catching all sorts of wild pitches and being forced to handle the ball ten times as often in every game as would be the case if the pitchers were going right. Street has done splendid work. Most of the bases stolen on him have been the result of the base runners being given a big lead by the pitchers, making it almost impossible for Street to get the ball to the base in time to make a play."

Workout for Players.

Two brisk workouts were given the players of the Paducah baseball club today at Wallace park by Harry Cooper, manager of the local team. Because of the short time before the opening of the season, the ball tossers were trotted out to the park this morning and given several hours of exercise to limber up muscles. Most of the players are in good physical condition, and will require only practice to develop team work.

The local squad was increased last night by the arrival of five candidates, and today there were sufficient players on hand for a regular team. Those who arrived last night are: George Russell, infielder; Tadlock, pitcher from Oden, Ill.; Angelmeyer, infielder from Louisville; Grand Overton, catcher from Louisville; John Keely, pitcher from Louisville. Yesterday afternoon at the first practice the players showed up in good style. Practically all of the ball tossers are youngsters with plenty of energy. They romped around the lot for several hours, and at the close of the day Manager Cooper announced that the day's practice was entirely satisfactory. Paducah will not carry over 12 men during the season, and it is expected that the weeding out will begin next week. By that time it will be possible to separate the wheat grains from the chaff.

IMMIGRATION BECOMES ISSUE

DOCTRINE OF EQUAL RIGHTS FOR RACES NOT INDORSED.

Exclusion of Chinese, Japanese, Koreans and Hindus Recommended in Majority Report.

THE SOCIALISTS' DISAGREE

Chicago, Ill., May 18.—Delegates to the national congress of the Socialist party today became involved in a dispute over the question of immigration. The submission of majority and minority reports from the committee which has been investigating the proposition for the past two years started a flood of oratory. The doctrine of equal privileges for all races, as enunciated by the international congress of the party at Stuttgart, was not wholly indorsed in the majority report, which recommended the exclusion from the United States of all Chinese, Japanese, Koreans and Hindus. Ernest Bernan, of California; Victor L. Berger, of Milwaukee, and Joshua Wanhope were sponsors for the majority report. The minority report was presented by John Spargo, of New York.

It declared it to be the duty of the Socialist party to break down the barriers that separate the various races.

The majority report indorsed all parts of the Stuttgart immigration plank except that dealing with the Asiatic races.

"We advocate the unconditional exclusion of these races," says the report, "not as races per se, not as peoples with definite physiological characteristics, but for the evident reason that these peoples occupy definite portions of the earth which are so far behind the general modern development of industry that they constitute a drawback, an obstacle and menace to the progress of the most aggressive, militant and intelligent elements of our working-class population."

Why Is Sugar Sweet?

If sugar did not dissolve in the mouth you could not taste the sweet. HROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years. 50c.

New Classification.

A Columbus, O., banker once gave his wife a book of blank checks, all properly signed and ready for filling in.

"You are welcome to use these as you see fit," he told her. "But I want you to write on the stub of each just what that check was used for, then when the book has been used up I will look over the stubs and see what disposition you have made of them."

She handed him the book the other day, after using all the checks, and he began an inspection of the memoranda in the stubs.

"Here is check 79 for \$75, marked

gent elements of our working-class population."

Declaring that the volume of Asiatic immigration is too small to constitute a menace, the Spargo minority report says the Socialist party need make a supreme effort to break down the barriers which keep immigrants outside the organized labor movement.

Do not regard the flag with great contempt, it is about the only creature which gets any work out of a dog.

What church expenses are these? I have recently paid the assessments," said "Oh," replied the wife, "that was for a new Easter bonnet."—Lippincott's.

paper

THE IDEAL LOCATION

For That New Home is In

Beautiful Gregory Heights

No matter what character of home you build, the location will mar or
make its attractiveness. Gregory Heights is truly the ideal location in
Paducah for a home. High, rolling ground that is easily drained; off,
away from the dirt and grime and noise of the city; with the street car
at your door; pure, bracing, health-giving fresh air in plenty, ALL the
time; these are but few of its attractions.

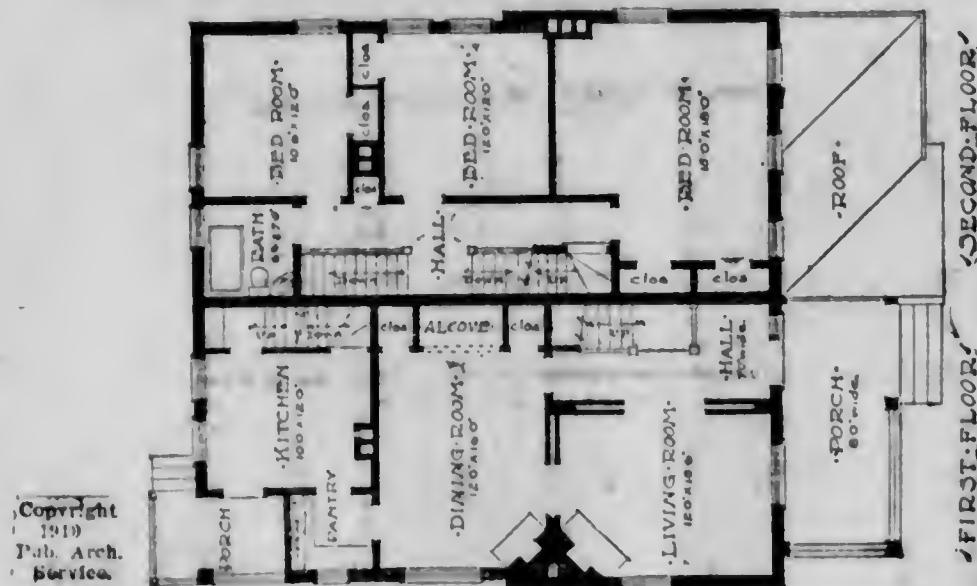

WE SELL ON EASY TERMS AND REASONABLE PRICES

and should like to show you what we have for YOU.

C. E. JENNINGS, Agent

HINTS FOR PROSPECTIVE BUILDERS

This is a great era of home-building in Paducah. Everybody seems to be realizing that the best
home is a home they own and have built as they want it. For the benefit of our readers who are con-
sidering building and are still undecided as to the style or price of home to build, we are, each week on
this page, showing original, attractive and practical illustrations of modern moderate priced houses that
will offer helpful suggestions and give a fairly accurate idea of what it will cost to build.

A Double House of Exceptional Attractiveness

The design as shown above is for a pressed brick veneer double house of six rooms and bath to a
side. The style is English and while plain is of very attractive appearance. Size of house 40x40
feet. Height of stories: First, nine feet; second, eight feet six inches; cellar seven feet. The
above house with furnaces, grates, mantels and plumbing should be built at a figure within \$5,000.
Built in frame about seven hundred dollars less. Study the above perspective and floor plan
drawings and note the convenient compact arrangement of the whole house. As both sides, except
being reversed, are the same, we are showing only the first floor left and the second floor right.
Although slightly more expensive to build than single houses, double houses because of their extra
rent earning capacity, are a good investment and are being quite extensively built in this city.

Complete plans and specifications, in duplicate, for building this house may be secured from this office
for \$35.00. For alterations making additions or reversing plans a slight charge will be made, dependent
as to the amount of extra work involved.

Daily Thought.

Not what God gives, but what He takes.

Uplifts us to the holiest height; On truth's rough crags life's current breaks.

To diamond light — Alice Cary.

Beautiful day for the comet.

And, then, remember it will damage the comet just as much as it will the earth, if they collide.

Caught all that about the "descending node," "perihelion," "plane of the ellipse" and "transit of the sun," did you?

Spectacularly, Europe is getting all the best of it. They get to see Roosevelt, King Edward's funeral cortege and the transit of the comet.

Of course, it is encouraging, so to speak, to reflect that "Mercury and Venus have been closer the comet than the earth will be, and both are shining on;" but we have lost most of our vanity. We are not worrying about our shine any more.

The frost has killed the fruit crop; tobacco plants are scarce in the Black Patch; and now comes the report that out worms are ruining the corn. Presently the boll weevil and the wheat blight will be getting in their work. If we had never heard these calamitous predictions before, we would say let the comet come; we shall starve to death, anyway.

Stenographer Kerby, who exposed confidential dictations in the office of the secretary of the interior, says he has been offered a position by the Newspaper Enterprise association. Somehow, the sort of newspaper enterprise Stenographer Kerby has been guilty of does not appeal to us. If he is unfaithful to his employer as a stenographer, who knows what he would do to a newspaper for (say) 30 pieces of silver?

The Owensboro Enquirer says: "The tax rate of Owensboro, \$2, is high. But it is not the fault of the present administration. Moreover, a citizenship is not so much concerned with the height or the lowness of the tax rate as it is with what it got for it and because of it."

Owensboro has a lower property assessment and a tax rate of 15 cents on the hundred dollars higher than Paducah's. If Owensboro, whose municipal improvements the last two years cannot be compared with Paducah's, is satisfied, the people of Paducah ought to call themselves blessed.

ON MAKING A MURDERER.
Dr. Hyde's excellent defense of himself, is what convicted him, according to the twelfth jurymen, who was convinced of the doctor's guilt by a review of Hyde's statement that he bought cyanide ten times and couldn't remember from whom he bought it.

Hyde's case is an abnormal one of a type, not altogether uncommon. Our Sunday school teachers used to tell us we must not think evil. That was supposed to be because it was naughty. Psychologists since have gone wild about "suggestion," but physiologists now understand some-

thing of the effect of a fixed idea on the brain structure. Hyde lacked that durable character, which can be established only by youthful training, so as to permanently shape one's life.

Be that as it may, he is a doctor with a knowledge of all sorts of drugs and germ diseases. His wife is the niece of Colonel Swope, a millionaire, of convivial habits, who made a will, so conditioned, that upon the death of any heir all the other heirs would benefit out of that one's share. Hyde got to thinking about that, and the idea somehow became associated with professional channels in his mental processes. Now, some of our modern philosophers might defend him on the ground that his persistent, concentrated thought produced evil effects on his wife's coheirs. At any rate, a most peculiar series of fatalities carried off ten of the heirs of Colonel Swope, one by one, and Dr. Hyde the attending physician in several cases, was most unfortunate in his treatment. He let one man bleed to death while trying to reduce the pressure of his blood; he said selfishly to have isolated on drinking from a private water pitcher while enjoying the hospitality of the Swope's shortly before an epidemic of typhoid fever broke out among them, and a nurse swore she saw him inject dirty water into a young lady's arm. He seems also to have been remarkably careless about carrying cyanide capsules with him when he called on Colonel Swope during that gentleman's last illness.

Altogether, Dr. Hyde appears to have been transformed from a rising and popular young physician into a demon, just by thinking about money that belonged to someone else. Dr. Hyde's parent, no doubt, saw no early manifestations to indicate the latent headiness that evolved the subtle doom of the Swope heirs. More than likely, he was an amiable child in most ways, as his crimes are indications of weakness, rather than strength. It requires more strength to remain contentedly poor, than to gain riches by dishonorable means; for the latter amounts to nothing except succumbing to temptation.

Character cannot be developed after maturity. Discretion may; but refraining from gross evil through fear of consequences is a negative substitute for the active virtues of high character, and becomes especially futile if discretion is acquired at the expense of reputation. Principle, sound ethics; high aim; appreciation of responsibility for natural talents and purpose to make them useful; self-respect, which makes a man regard his own opinion of himself as highly as he does that of others; realization that development of character and self-culture are riches which outlast material wealth, and that honor must not be confused with official titles—these are qualities of mind that never were found in a felon's cell or paid the penalty for crime upon the block or gallows; yet have more than once converted a prison into a temple of reform, and paid the price of human liberties to the headman.

Parents, who educate their children to believe the law of the jungle is the true one, that the earth is the inheritance of those who can possess it, and material acquisition and comforts are the only desirable ends in life, may be training a Hyde for his murderous career, to write their unspotted name on a prison record, or end their line in an electric chair.

There is nothing that modern science has disclosed to modify the advice of wise old Solomon, who was something of a husband and father himself.

Mr. Joseph Eley Bridgewater, of LaCenter, a son of Mr. J. E. Bridgewater, was the valedictorian of his class at the Marshall Training school in San Antonio, Texas. The commencement exercises were held last night and the Kentucky lad acquitted himself with credit. By virtue of his finishing with first honor he will receive a scholarship in the University of Texas.

The first of a series of get together dinners was held yesterday at the Palmer House by the members of the Paducah local board of fire insurance underwriters. A delightful dinner hour was enjoyed, and as a result it is planned to hold the dinners every month. They will be for the purpose of the fire insurance writers becoming better acquainted socially. The dinner was impromptu and was enjoyed by all present. Mr. E. G. Boone was toastmaster and a number of impromptu talks were delivered. Those present were: Messrs. E. G. Boone, Wallace Well, Frank Boone, Frank B. Smith, C. E. Jennings, S. T. Handie, Thomas T. Neely, Al Foreman and W. P. Hummel.

Another little girl in Paducah has the distinction of being the fifth link of a family of five living generations. The girl is little Miss Bertha Virginia Crawford, the five-months-old daughter of Mr. and Mrs. William Crawford, 1119 Clay street. Her great-grandmother is Mrs. A. P. Turner, of Robards Henderson county, and she is 83 years old. Mrs. James M. Gentry, 918 Clay street, is the grandmother of the little girl, while Mrs. Mattie Lee 1133 North Thirtieth street, is the great-grand-

mother. As yet little Miss Crawford has not seen her great-grandmother, but in a few weeks it is expected to have a picture made of this family group.

Eighth and Hushanda streets was the scene of a colored panic this morning, when a small fire broke out. The comet, which was below the horizon, extended its tail in a magnificently weird arc from the line where the earth and sky meet in the east to the very zenith of the heavens, while the sun rose into a clear sky, its light gradually creeping up the borderland between night and day, and absorbing the hazy outlines of the comet's tail in a blaze of glory, as the fire department, with clanging gongs dashed around the corner. The colored residents thereabout hadn't slept well last night, and were up early to see what they might see. Their eyes were fixed on the celestial phenomena, and the possibility had just occurred to most of them that the comet might have struck the earth somewhere back of Brookport and set it on fire, when the fire department appeared. That put the finishing touches to the idea and in their imaginations they saw Paducah burning and an end to the world. The firemen report almost a riot during the panic.

The fire broke out early this morning in a small restaurant adjoining the grocery, and quickly spread to the attic of the building. Patrolmen Gillett and Baldrige discovered the blaze and gave the alarm. When the firemen reached the scene the blaze was burning briskly and it required considerable water to drench the fire. The stock in the building was thoroughly soaked with water. The loss is estimated at about \$500 with \$800 insurance.

Mr. Dennington is a former patrolman, but resigned from the police force last December. He was ill today as a result of the exposure received at the fire this morning trying to save his hooks.

The near approach of Halley's comet caused Chief of Police Singery no small amount of worry this morning when his cook refused to be on hand for work, fearing the end of the world would come sometime today. "I'm going to stay home with my ma tomorrow," she told Mrs. Singery last night after she had finished her work. "Ef dat dar comet of Mistah Halley's hits dis old world of Gabriel will too! his horn and dere won't be nuffin left; so I'm going to stay at home tomorrow." All means of persuasion were without results and this morning she didn't appear for breakfast. About 8 o'clock she put in her appearance and with a broad grin, said: "Misses Singery, Ise got to studda 'bout dis here comet and it looked pow'ful bright today, so Ise just decided to come to work."

Kentucky Kernels

Local option election at Fulton. Fulton Elks will celebrate July 4. Graded school carried at Mt. Eden. Forest fires in Kentucky mountains.

SUNDAY GAME

WILL BE PLAYED BETWEEN REGULARS AND COLTS.

Fans Will Have First Opportunity to Witness League Ball Here.

Fans will have the first opportunity to see the Indians work out next Sunday when the Regulars will line-up against the Colts. Manager Cooper has arranged the game for Sunday afternoon, and it is expected that fandom will be out en masse to see the players. The pitchers have not been selected but it is expected every player will be given an opportunity to work out.

Regular practice was held this morning at the park, and again this afternoon Manager Harry Cooper trotted out his players for another drill. In the squad there are some hefty ball players, and it is the opinion that the other three teams will have to have a classy team to out-distance Paducah.

Last night Jesse Guinn, a pitcher, aligned up with the Indians. Guinn has been with the Memphis Southern league club, and he is expected to set the league afire. Guinn was held by Memphis until the final limit of players, and then the team sought to hold a string on him. In Guinn, Ewing Harris and Crain, the Indians have three strong pitchers, in whom the fans may have confidence.

Nearly all the squad have arrived, but a few stragglers are expected to come into camp tonight.

YOU DON'T HAVE TO WAIT.
Every dose makes you feel better. Lax-Poo keeps you whole inside right. Sold on the Money-Back plan every-where. Price 50c.

CARPENTERS ENTERTAIN FRIENDS OF THE UNION.

The members of the carpenters union entertained their friends last night with a smoker at the Central Labor hall. The entertainment was informal, but a pleasant evening was enjoyed. Music was enjoyed during the evening and refreshments were served. The contractors of the city were guests of the carpenters during the evening.

The Unpardonable Sin.

At the First Christian church, corner Seventh and Jefferson streets, the pastor, the Rev. R. A. Fite, will speak this evening on the "Sin Against the Holy Spirit." He will point out by the scriptures what the unpardonable sin is, about which there has been so much confusion in so many minds. A lucid, logical and convincing presentation of this theme is promised. The theory most commonly held about the unpardonable sin is that it is continued rejection of Christ, persistence in sin expressed in the maxim, "No repentance, no pardon." This, however, is not the theory of the speaker tonight. He will show by the language of Christ that the unpardonable sin is something very definite and tangible. He will indicate in the discourse tonight that there are four sins against the Holy Spirit, one of which is the unpardonable sin. A very cordial invitation is given to the public to hear the sermon. Services at 7:45 o'clock.

To the Ladies

If you want to see the newest ideas in Oxfords, Pumps and Shoes; if you want to look at the best shoes you have ever had an opportunity to see and at prices less than you've been paying, visit our new Ladies' Shoe Department, on second floor. It's worth your while.

At \$2.50, \$3, \$4 and \$5 you'll find the greatest shoe value ever shown in Paducah.

The E. Guthrie Co.

Country Life Institute Is Addressed By Paducah Pastor, Rev. Landis

A very unique convention was held for three days last week in the Presbyterian church, Bellefontaine, Ohio. It was composed of a body of men to study the actual conditions prevailing in the agricultural districts and country towns of America. It was at a measure a small convention, as the representatives came from only six states, but enthusiasm of all was very pronounced. This is one of a number of conferences reaching from New England to the west—Nebraska.

The speakers were all specialists—agricultural professors, scientific farmers, sociologists, ministers in rural churches. Hon. H. P. Sandies, secretary of the Ohio state board of agriculture, gave a most inspiring address upon the position of the farmer in the life and growth of the American nation.

Rev. E. B. Landis, of this city, presented the subject, "A Rural Community," and spoke of the present condition, together with the future possibilities. Mr. Landis has rapidly come to be recognized as one of the leaders in the pioneer work of students of country life and he is to be congratulated to have been

called so far to occupy a place on the program of this convention.

The following resolutions adopted at the close of the convention may be of interest to the rural constituency of this paper.

First—That we recognize the need of a financial reconstruction throughout all the institutions dealing with the country districts.

Second—There must be an adaptation of the schools to the actual need of the children of the farmers.

Third—A great need manifest of a common playground somewhere in every community associated with the school or church.

Fourth—There should be a federation or in some way a co-operation of all societies making for the uplift of the rural community.

Fifth—There is a very general demand that agriculture must be dealt with in a scientific way. The farmer of the future must be a careful business man.

Sixth—The church can best serve the community by becoming a center for all influences developing the community.

All of these agencies are to co-operate for the spiritual welfare of mankind.

favor of a 1,000 foot span and for the bridge to be built 75 feet clear of the high water mark.

Capt. Wiley Edwards has recovered from the measles and will go out on duty on the Clyde tonight. Capt. Austin Owen was at the wheel in Capt. Edwards' place during his illness.

Plans of the Burlington bridge over the Ohio at Metropolis are on file at the S. A. Fowler Supply company and will be gladly shown to all rivermen who are anxious to see them.

Capt. Baker was the guest of Master Mechanic Nash at the Illinois Central railroad shops yesterday afternoon when a broken shaft was welded together with the Thurman process. The operation is done quickly and is an interesting sight. The process makes the shaft stronger than it is originally.

Pittsburgh was rather startled Sunday when she read an address on floods made by Chairman George H. Maxwell of the National Irrigation association, last night. In part Mr. Maxwell said: "Within 50 years from now Pittsburgh will have a flood which will go five or ten feet higher than any you have ever had, and this condition will put you in somewhat the same condition as was Paris recently. That city had high floods before, but the people only protected themselves for the time being, never seeming to think about the future. They paid for it. You have had high floods and protected yourself against them, and you now seem to look on them as part of the yearly calendar. You do not know when you will be in the grip of such a flood as was experienced in Paris. You have now the time and opportunity during the summer months to become active in the fight against floods. It is up to you, citizens of Pittsburgh."

Capt. Austin Owen has shipped on the towboat Lyda and will pilot her up the Tennessee to load ties tomorrow.

The handsome excursion steamer J. S. arrived from Cairo at 8 o'clock this morning in command of Capt. John Streckfus, her owner. A few weeks ago a fine soda fountain was added to the lower deck besides the one on the second floor at the dancing hall. She left at 3 o'clock this afternoon for Metropolis with an excursion party and is due back at 6:30 o'clock this evening. At 8 o'clock tonight she will carry an excursion to Metropolis, arriving there at 10 o'clock and returning at 11:30 o'clock. A band and orchestra will furnish music. She will depart tomorrow for Evansville, Ind., and remain up the Ohio for ten days, before going to Nashville, Tenn. From there she will go to St. Louis and thence to her home port, Davenport, Iowa.

Steamboat Builder Dead.
Gallipolis, O., May 18.—Captain T. Enos, eighty-five years old, known from Pittsburgh to New Orleans as a builder of steamboat machinery, died suddenly at his home here early today.

Dennis Smith, pilot on the Dick Fowler, was called to Union City, Tenn., by the serious illness of his aunt. His place is being filled by the Hawkins.

Capt. Henry Baker, local manager of the Ayer & Lord Tio company, says 1,000 for the main span of the proposed Burlington bridge will do, but rivermen will take all over that they can get. He is in

The Store That's Going Ahead

HOCKING FILES SUIT.

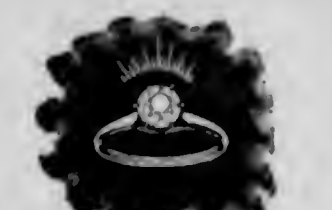

Columbus, Ohio, May 18.—The Hocking Valley Railroad company today filed suit in the United States circuit court at Springfield, asking for an injunction against the receivers of the railroad, who were appointed yesterday by Thomas Pines Judge Kinkaid, restraining the receivers from any action until the question of jurisdiction is settled. The bill makes it J. H. Hosh and John M. Shurts, the receivers, and Howard Mannington, R. E. Westfall, F. H. Schoellkopf, stockholders, the respondents. A temporary order is asked pending the decision of Judge Starn in the matter.

NEWS OF COURTS

In Police Court.
On a charge of maliciously stabbing John Kyle with intent to kill several weeks ago, John Breckenridge was held over to the circuit court grand jury from police court this morning under bail of \$300. (Circuit Court, who was arrested yesterday afternoon on a charge of petit larceny, was given a continuance until Saturday. He is charged with the theft of a small quantity of brass from the towboat Morgan.)

In Circuit Court.
Many orders were made this morning in circuit court in preparation for the beginning of the jury cases next week. Nearly all of the cases have been set for trial.
Henry Temple vs. T. W. Luttrell, dismissed as settled.
City of Paducah vs. Charles L. Robertson; agreed state of facts filed.
Robert Hutchison vs. J. M. Durrett; defendant filed answer.
Lela Banana Once Manufacturing company vs. J. A. Rudy; defendant filed demurrer.
Little Lelmer vs. H. Lelmer; sale of property was set aside on the motion of J. P. Howard.
Robert Hutchison vs. J. M. Durrett; defendant made motion to strike words from petition.
C. J. Knott, administrator, vs. Caroline Potter, et al; Jack Potter asks to be refunded \$43.75 paid as taxes on property owned by estate.
Laura B. Clancy vs. Union Central Insurance company; agreed statement of facts filed.
Burton-Peel Dry Goods company vs. D. H. Billingsley; defendant entered motion to require plaintiff to execute bond; plaintiff executed bond.
W. M. Griffin & Co. vs. A. E. Freels; defendant entered motion to require plaintiff to execute bond; bond was executed by plaintiff.
E. W. Whittemore, guardian vs. Blvin Rivers; Attorney A. E. Boyd appointed guardian ad litem for infants.

Suits Filed.
Bettie Turner filed suit for divorce from George Turner. The couple married March 18, 1891, and separated April 13, 1909. She alleges he is guilty of improper conduct and asks for the custody of the four children, Jennie, 17; John, 15; Maceo, 14, and Dave, 12. She asks for \$20 monthly for maintenance.

Marriage Licenses.
William Biggs, 31, of Carbondale, Ill., bridge builder, and Pearl Coppy, 23, of Metropolis, Ill., school teacher.
E. L. Matlock, 41, of Ballard county, farmer, third marriage, and Mrs. Nellie Morris, legal age, of Paducah, second marriage.
Richard Sellers, 27, of Anderson, Ind., laborer, and Thelie V. Mills, 17, of Paducah, parental consent given.
—Dr. Frank Boyd is somewhat improved today.

NYAL'S HOT SPRINGS

BLOOD REMEDY

furnishes the ideal remedy for those distressing blood disorders which are so prevalent at this season of the year. Curative elements are embodied in it which act quickly and positively on the blood and build magnificent health for sufferers. A trip to Hot Springs is an expensive matter; the Hot Springs Blood Remedy does as much good, in most cases, as the trip—and is surely much cheaper.

IN SOCIAL CIRCLES

Dance for Graduates.
It was decided yesterday afternoon by the High school to entertain the senior class with a reception dance at the Three Links building, June 7 instead of the separate class reception at the High school as previously. The committee from the faculty composed of Miss Adah L. Brazelton, Miss Edna McLaughlin and Prof. Hugh B. Craig met with the representatives of the freshmen, sophomore and junior classes and decided on the reception-dance. The entertainment will open with a reception, with the members of both the divisions of the graduating class, and the members of the faculty, and the undergraduates in line to greet the visitors. Light refreshments will be served. Later a dance will be enjoyed. The reception this year promises to be one of the best events of the commencement week.

Marble Club With Miss Sebree.
Miss Elizabeth Sebree was hostess to the Marble club on Tuesday afternoon at her home, 419 Monroe street. It was a pretty and informal affair. Eugene was played and at the conclusion of the game a delightful tea course was served. The prizes, which were attractive gold pins, were won by Miss Nell Shaw and Miss Hazel McCandless. Those present were: Misses Fred Paxton, Nell Shaw, Mabel McKelholm, Elizabeth Boswell, Corinne Winstead, Hazel McCandless, Gertrude Scott, Lillie Mae McCandless.

Reading Contest.
The pupils of grades five and six McKinley school, will hold a contest Thursday afternoon at 3 o'clock. Each class has memorized one poem a month as part of the required work in English and the contest will be to decide which class and which pupil of the class reads the selected poems best. The class representatives, two for each poem learned, were selected on Monday by their respective classes.

Rehearsal With Mrs. Wells.
There will be a rehearsal of "King Rene's Daughter" Thursday afternoon at 3 o'clock with Mrs. H. S. Wells, at the Shamrock apartments.

Pretty Luncheon to Miss Whitefield.
A beautifully appointed affair and a charming compliment to a popular bride-to-be, was the one-o'clock luncheon today in honor of Miss Kathleen Whitefield. It was given by Mrs. H. B. Sewall and Mrs. Harry G. McElwee at the Sewall home on Jefferson boulevard. The guests were limited to a coterie of intimate friends, calling themselves the Thimble club, an organization of the past winter.

The colors white and gold were effectively carried out in the appointments of the attractively arranged table. A lace cover over pale yellow velvet the table. The centerpiece was a crystal vase of bride roses. The table was lighted by white candles gold-shaded. The place cards were bride roses with a dainty little white and gold wedding bell attached. White and gold glass and china of white and gold added to the charming effect. The delicious 6-course menu carried out the color motif, and Cupids, wedding bells and other symbols were attractively emphasized. The salad course was especially pretty. It was served in baskets of grapefruit with handles of tulle and tiny waxen Cupids attached to the tulle bows.

Seated around the table were: Mrs. Sewall, Mrs. McElwee, Miss Whitefield, Miss Mable Cobb, Mrs. James Etterback, Mrs. H. S. Wells, Mrs. Vincent Salvo, Mrs. C. H. Blaney. A happy feature of the luncheon was a clever toast to Miss Whitefield, in the form of an original poem, by Mrs. Harry McElwee. Miss Whitefield was presented with a pretty guest of honor souvenir of the occasion.

Miss Helen-Mar Hallbarton, of Carthage, Mo., will arrive Monday to visit her cousin, Mrs. Vincent Salvo, of the Shamrock.

Dr. J. Q. Taylor left today at noon for Louisville to join Mrs. Taylor, who is visiting Mrs. John Coleman, 1000 Fourth avenue. They will go to Rockford to visit Dr. Taylor's mother before returning home.

Mrs. T. Burgeauer is visiting friends in Louisville and Zanesville, O.

Mr. C. M. Riker, manager of the West Kentucky Coal company, has gone to Memphis on business.

Commonwealth's Attorney John G. Lovett, of Benton, was in the city this afternoon on business.

Detective T. J. Moore left this morning for Hickman on business.

Mrs. C. W. Lewis left this morning for visit relatives.

Col. and Mrs. Mott Ayres left last night for Fulton.

Mr. Wm. Vandeveld, 824 Bachman street, left today for Millwood, Ill., on a visit to his sister, Mrs. Mol-

He Adcock. He will be accompanied home by Mrs. Adcock, who will visit relatives in the city.

Sheriff Ray Wallace, of Graves county, was in the city yesterday for a short stay.

Attorney Straub, of Mayfield, has returned home after a visit here.

Mr. Thomas Heath will leave tonight for Galveston and Houston, Texas, to spend two weeks.

Mr. G. T. Stewart, of Nashville, was in the city yesterday visiting Mr. Salem Cole.

Mr. Jason Futrell has returned to Murray after a trip on business.

Mrs. J. T. Gilbert has gone to Owenton on a visit to relatives. Before returning she will visit in Chicago and Indianapolis.

Mrs. William Katterjohn has returned from Princeton after visiting Mr. and Mrs. Roy Katterjohn.

Miss Helen Allen, of the county, left today for Andover, Mass., to spend several months with relatives.

Mr. Roland Sherer, of Atlanta, is spending the week in the city.

Mr. Robert Trantram has returned from Cairo, Ill., after a visit to friends.

County Attorney Lal D. Threlkeld, of Smithland, is in the city on business.

Mrs. M. Hyrd is visiting her daughter, Mrs. Lalla Rutt, and Mrs. Elma Shepherd, at Memphis.

Dr. Vernon Blythe has returned from Murray.

Mrs. G. C. Davidson and daughters Mary and Martha, have returned from Fulton to their home, 715 South Tenth street.

Miss Elizabeth Nash will leave on Monday for Louisville to visit her sister, Mrs. John J. Saunders.

Miss Annie Jones and Miss Mamie Jones left yesterday to attend the World's Sunday school convention at Washington, D. C. They will visit New York and other eastern cities while away.

MRS. MOORE INJURED

ST. LOUIS WOMAN FRACTURES RIGHT LEG.

Cincinnati, May 18.—Mrs. Philip N. Moore, of St. Louis, president of the General Federation of Woman's Clubs, which is meeting in Cincinnati in its tenth biennial session, was so badly injured here at the home of Mrs. Howard Hollister that she will be in bed for the next two weeks, according to her physician.

The bulba of the right leg was fractured five inches above the ankle.

Mrs. Moore had driven to the home of Mrs. Hollister, wife of United States Judge Howard Hollister, to attend a luncheon in her honor. She walked into the hallway of the house and was turning to take off her wraps when she slipped on the polished floor and fell against the door jam. Her right leg turned and became twisted under her as she fell.

Mrs. Moore was revived and asked to be taken to her apartments in the Clinton hotel, where her family physician, Dr. Frances L. Bishop, of St. Louis, would be able to take care of her.

Mrs. Moore is very badly injured and that she will be unable to leave her bed for several days. Dr. Bishop wired to Mr. Moore, and he answered that he was coming by the earliest train.

Unable to Attend Meetings.

Mrs. Moore's daughter is here with her and said that her mother has arranged with Mrs. Joseph E. Cowles, of Los Angeles, first vice-president of the organization, to sit in her place.

Mrs. Moore issued a statement in which she thanked the members of the General Federation of Woman's Clubs for their kind wishes.

The nominating committee of the General Federation of Woman's Clubs named the officers to be voted on, but strict secrecy was maintained as to the choices, although it was given out unofficially that Mrs. Moore, the present president, had been nominated as the next head.

HIDE WON'T WASTE TIME.

Kansas City, Mo., May 18.—While Dr. B. Clarke Hyde, who was convicted here yesterday of the murder of Col. Thomas H. Swope, is in jail, he is not going to permit his medical mind to become rusty. The physician had one of his attorneys bring him a score of texts from his office. He will study them regularly each day, he says.

Professional associates of Dr. Hyde are not surprised at his studying in jail. He was known among the physicians as a serious student, and was well abreast of the time in medicine and surgery. It was largely in recognition of his ability, it is said, that he was elected president of the Jackson County Medical society last fall.

In the hands of a woman a can opener is mightier than a sword.

THIRTY DAYS

NEGRO IN ATTEMPTING TO ESCAPE SETS FIRE TO PRISON

Blockton, Ala., May 18.—In the fire which early yesterday morning destroyed the stockade of the Red Feather Coal company, the Lucile mines here, and which investigation proves to have been started by Jonas McCay, a negro convict, in furtherance of a plot to escape, 26 convicts were burned to death, 21 others were seriously burned, of whom four have since died, and one man was shot and killed while making a dash for liberty.

All of the dead are negroes and were state convicts leased to the mining company. Of the convicts confined in the stockade at the time of the fire 107 were taken out without injury. These are confined in temporary quarters, pending the erection of a new stockade which is already under way.

The negro McCay had several times threatened to burn the stockade if necessary to effect his escape. He paid his life in yesterday's fire, which spread more rapidly than he had anticipated.

While the convicts at this and other points in the state are leased to private corporations, the stockades are in charge of the state with wardens and guards under the supervision of the state authorities. State mine inspectors are here, conducting an investigation of the burning of the stockade.

OLD PIANO HOUSE SOLD.

An announcement is being made which will prove of strong interest to music-lovers of Paducah and West Kentucky. It is that the old established piano business of Fred P. Watson & Bros. Piano Co., at 311 Broadway, has been purchased by Mr. O. D. McLaughlin, formerly manager for the Watsons.

Though Mr. McLaughlin has devoted but a scant ten years to the piano business, he has rapidly advanced. He started at the home house of Fred P. Watson & Bros. at Mt. Vernon, Illinois, serving as tuner, salesman and later as manager at Paducah. Mr. McLaughlin is a musician of considerable ability and his genial personality and thorough knowledge of the piano business have won for him a host of friends and adherents throughout this section of the state.

Mr. Victor H. Thomas, who has been identified with the piano trade of this territory so long, will still lend his services to the new enterprise and it would seem that the expectations of the new firm for large business are well founded. The business will be continued at the old stand, 311 Broadway, as for years past, and only the highest grade instruments will be handled. Everett pianos, Needham player-pianos and similar standard lines, and the new firm's financial equipment is such that they will buy right and sell right.

In Admiralty.

O. Bauer vs. Gasoline Boat Hope. Whereas a libel was filed on the 13th day of May, 1910, in the United States district court, for the western district of Kentucky, at Paducah, by O. Bauer against the gasoline boat Hope, her engines, tackle, apparel, furniture, etc., and owners, alleging in substance that said boat is indebted to him in the sum of \$72.50 for barge hire, that same has never been paid, and prays process against said gasoline boat Hope, etc., that same may be sold to pay claim, with cost and expenses.

Now, therefore, in pursuance to said motion under seal of said court to me directed, I do hereby give public notice to all persons claiming said gasoline boat Hope, or in any way interested therein, that they be and appear before the district court of the United States in the city of Paducah, Ky., on or before the 4th day of July, 1910, at 10 o'clock a. m., of that day, then and there to interpose their claims, and make allegations in that behalf.

GEO. W. LONG, U. S. W. K. D. By ELWOOD NEEL, Deputy.

Geo. C. Diuguid, Proctor for Libellant.

News of Theatres

Packed houses have greeted the excellent bill at the Kentucky since Monday, both afternoon and night. Miss Emily Pearl Stanley, "The little girl with a big voice," has won her audience's favor and has received numerous encores. The two masques are in a class to themselves in dancing, every motion of their feet and body being in perfect harmony. The third feature, Herbie and Leroy, which failed to arrive yesterday, is expected to be on hand this afternoon. Miss Birdie Lewis, a usual favorite with her catchy song hits. A biograph motion picture is being featured.

The board of public works will meet in regular session tonight at 7 o'clock at the city hall. Besides the regular reports there will be the little business to be transacted. The board will take steps to secure sealed bids for the purchase of a larger engine for the city light plant, as authorized by the aldermen.

MURRAH COMES TO MEMPHIS TO LIVE

NEW BISHOP WILL RESIDE IN THIS CONFERENCE.

Methodists May Conclude Session of Conference This Week, It Is Said.

VANDERBILT TROUBLE OVER.

Asheville, N. C., May 18.—The committee on episcopacy reported the passage of Bishop H. C. Morrison's character and recommended that he be continued on the effective list, but be given light work. The committee found that the complaints against his administration were sustained, but recommended leniency because Bishop Morrison promised to correct the matters complained of in his official administration. Judge E. C. O'Rear, of Kentucky, defended Bishop Morrison on the floor and pleaded that the bishop be given full work.

After much discussion the conference voted to accept the report of the committee on episcopacy which sustained the complaints against Bishop Morrison and recommended that the college of bishops give him light work.

The Rev. Gross Anderson was re-elected book editor and editor of the Review.

Bishop H. C. Morrison presided at the afternoon session of the general conference. Matters pertaining to the system of Randolph Macon college were referred to the committee on education. Greetings were received from the Little Rock Home Mission conference and invitations were received from San Antonio, Texas; and Atlanta, Ga., to hold the next session of the conference in those cities. There was no election on the first ballot for editor of the Nashville Christian Advocate.

The memorial of the women asking the rights of the laity was made a special order before the conference Thursday morning.

Vanderbilt War Over.
The conference voted against publishing a simplified hymnal. The conference voted to leave the West Florida territory in the hands of the Alabama conference.

The ballot for missionary secretary resulted in no election. Rev. O. B. Brown, of Nashville, Tenn., was in the lead for the office when the conference adjourned.

A new edition of the German discipline was ordered.

Rev. E. B. Chappell, of Tennessee, was re-elected Sunday school editor. The committee on education sub-

STEARNS' ELECTRIC PASTE CO., CHICAGO, ILL.

mitted a report, which recommended that the conference accept the report of the Vanderbilt University commission in defining the rights of the bishops as common law visitors under the charter. It also recommended the election by this conference of the Vanderbilt board of trustees to fill vacancies, and recommended the right of this conference to elect members of the board of trustees. Ten o'clock tomorrow was made the special order of the day for the consideration of this report.

The committee on church relations reported hearty accord with the hope expressed by the fraternal messenger of the African M. E. Zion church for the union of all colored Methodist churches. The report was put on its immediate passage and adopted.

The following were elected members of the board of trustees of the Methodist Episcopal church, South: Goodlove Cockrill, A. J. Lamar, A. F. Watkins, Prestoa Vaughn and J. R. Stewart.

Conference's End in Sight.
Four new bishops and several other connectional officers were elected and exultant Vanderbilt question settled by the general conference of the M. E. Church South here today. Rev. Dr. T. H. Lewis, president of the Methodist Protestant church, delivered a wonderful address in the union of all the Methodisms that moved the conference as it has not been moved before during this session.

In its report of the Vanderbilt question the committee on education endorsed the findings of the Vanderbilt commission, advised the election of trustees to fill the present vacancies on the board, three in number; that hereafter the board of trustees fill all vacancies subject to the approval of the full board of education and recommended the college of bishops for their action in visiting acts of the board of trustees and board of education in the matter of electing non-Methodists to members of the board.

The conference may get through with its work this week, there being few matters of importance on the calendar for action. It is thought that the woman's rights memorial will be easily defeated, also the memorial to change the name of the church. The conference is easily conservative by a two-to-one vote.

Bishop E. E. Hoss comes out of this session the foremost figure in Southern Methodism. Every ques-

tion which he has approved has gone through; every one he has disfavored has gone down. His personality has overshadowed everything else in the conference, and on the days that he was away from here in Washington there was a listlessness overhauling everything, that told of the absence of the master spirit of Methodism.

Bishop Hoss, Master Spirit.

He was very happy today. He had seen his church issue forth from years of strife and contention into the calm of conservatism. He had seen the great question of the ownership of Vanderbilt University, in which his soul was wrapped up, decided in favor of the church, as he wished it to be decided, for he brought on the battle and fought it to the end in the church almost unaided. He had seen radical legislation that caused his heart to tremble, routed and defeated. He had seen his dearest friends, save one, elected to the episcopacy, one of whom, Collins Denny, went in by the biggest majority ever given a Methodist bishop, north or south. With all of it before him, he declared:

"The hand of God is in this. Blessed be His holy name."

Bishop W. H. Murrah will make Memphis his episcopal seat in all probability. He has not made a definite decision in the matter yet, but as that city is regarded as a pivot point in southern Methodism, and as it is near to his adopted state of Mississippi, so many of whose sons he has educated, the chances are that he will move there from Jackson, Miss. No bishop in the history of Methodism has ever resided in Memphis, though several have been invited. Bishop Murrah is already well known to many people in Memphis, and if he comes he will be given a cordial welcome, and every member of the Memphis delegation this morning extended him the following invitation:

Murrah May Be Memphis.

"We, the delegates to the general conference now in session from the Memphis conference, hereby extend a cordial invitation to you to make your episcopal residence in the city of Memphis."

"W. G. Hedley, J. W. Blackard, H. B. Johnston, J. H. Pepper, R. W. Hood, John B. Howell, James A. Robin, Thomas D. King."

Bishop Collins Denny will probably make his episcopal home in Washington city. He is a member of the Baltimore conference and the national capital is the most important city within his bounds. His delegation in this general conference has requested him to move to Washington from Nashville. He is a man of distinguished ability and would be an ornament to his church anywhere. Southern Methodism is now building a great monumental church in Washington and Bishop Denny is wanted to aid in this work, as well as to be the representative of his church where one is needed.

Bishop John C. Kilgo will make his home in South Carolina, his native state, either in Charleston or Columbia. He is the Baroness of Southern Methodism.

College Chairs Vacant.

Bishop Ed Moulton will continue his residence in Texas, making his home probably in Dallas, where the Methodists are preparing to locate a million dollar university. He is professor of Greek in Southwestern University, 42 years of age, and has the reputation of being a pulpit orator and platform speaker of splendid ability.

Bishop R. G. Waterhouse will reside within the bounds of the Holston conference, of which he is a member, either at Bristol, Knoxville or Chattanooga, perhaps the last named. He is a great preacher and administrator.

Bishop W. R. Lambuth may go to the Pacific coast, where a Methodist bishop is needed, so as to keep in touch with the missions of the Orient and in the western states. He is the son of Dr. J. W. Lambuth, one of the missionary heroes of the Japan and China missions, was born in Japan and educated at Emory and Henry college and Vanderbilt, is a physician and preacher, and was for many years a missionary.

For twelve years he has been missionary secretary.

Bishop J. B. McCoy will reside either at Birmingham or Montgomery, in his native state. He is a young man and an orator of rare ability.

In the election of bishops six school men and one missionary was chosen. The presidencies of Mills, Simpson, Emory and Henry and Birmingham colleges are now vacant, and Bishop Denny's chair of logic in Vanderbilt and Bishop Moulton's chair in Greek in Southwestern.

Marked Symbols on Baggage.

It is well known that vagrants and beggars make marks on houses that convey useful information to their successors in the same line of business. According to a contributor to Notes and Queries a similar practice prevails among continental hotel servants. There are various ways of labeling luggage, and when you arrive at a new hotel the servant can read your character by glancing at the bits of paper gummed on your trunk, and especially your capacity and disposition in the all-important matter of tips. Many have suspected the cryptogram, but has any one divulged it?—London Daily Chronicle.

"What has become of your elaborate legal department?" "We discontinued it," answered the eminent trust magnate. "We found it cheaper to obey the law."—Pittsburg Post.

WHO IS Women as well as men are made miserable by BLAME. Kidney and bladder trouble. Dr. Kilmer's Swamp-Root the great kidney remedy promptly relieves. At druggists in fifty cent bottles and dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it. Address Dr. Kilmer & Co., Binghamton, N. Y.

C., at \$400-\$900, June 15.

These examinations may be taken at: Bloomington, Ind.; Cincinnati, O.; Cleveland, O.; Columbus, O.; Evansville, Ind.; Ft. Wayne, Ind.; Indianapolis, Ind.; Ironport, O.; Lafayette, Ind.; Lexington, Ky.; Louisville, Ky.; New Albany, Ind.; Paducah, Ky.; Terre Haute, Ind.; Toledo, O.; Valparaiso, Ind.; Zanesville, O.

For application blanks address, "Secretary Civil Service Board," at cities named, or I. L. Karhart, secretary, Sixth Civil Service District, Cincinnati, Ohio.

HARNESSING A HOLY RIVER.

Jordan Flow to Furnish Electric Power for All of Palestine.

The fall of the Jordan between the "Waters of Merom" and the Lake of Galilee, where the river exceeds 700 feet, is to be utilized for the purpose of generating electric power to supply Palestine. A French company has been formed to carry out the idea.

"What's a' yer hurry, Sam? It's no 10 o'clock yet!" "Well, ye see, Ay've changed my lodgings, and Ah'm no very well acquainted w' th' new staircase."—The Bystander.

"JUST LIKE PAPA"
Children Glad to Have Their Drink Like Their Parents.

More than any of the old folks realize, the little folks at the table like to have food and drink the same as father and mother.

Perhaps you can remember the time when a fork-full of the meat or potato or a sip from the cup that your father or mother was using seemed to possess some remarkable merit and flavor.

If children can be given a strong, nourishing food drink such as Postum it satisfies their desire to have things like the older folks, and at the same time gives them a drink they love and fatten on.

A lady up in Oakes, N. D., says that since their family have been drinking Postum the children are stronger and better than ever before, and are so glad that they can have coffee to drink "just like papa."

The husband and father was taken sick with a very severe attack of stomach trouble and had to give up work, being confined to the house for some weeks, suffering greatly. For some time he had been in the habit of drinking coffee for breakfast, and tea for dinner and supper.

The wife writes: "After reading some of your advertisements we wondered if coffee and tea had not been the cause of his sickness. We finally decided to have him quit tea and coffee and try Postum. He dates his recovery from the day he commenced to drink Postum, and has not had to stop work from sickness since then."

"Some years ago I tried a package of Postum and did not like it, but I know now that it was because I did not make it right. It is easy to make good Postum if the simple directions on the package are followed. The only failure is when people do not boil it long enough."

Read "The Road to Wellville," found in packages. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

CITY AND COUNTY OFFICIALS RIDE

ENJOY TRIP OVER LINES AND INSPECT EQUIPMENT.

End Journey at Wallace Park, Where Banquet and Smoker Are Held.

MANAGER SEWALL'S GUESTS

Inspection of the properties of the Stone & Webster company in the city was made yesterday afternoon by the city and county officials and members of other local organizations. Mr. H. B. Sewall, local manager, proved an ideal host. He had arranged the entertainment so that there was not a idle moment. Wallace park was the end of the trip, where the joyriders were served refreshments, and spent several hours enjoying the sights, as the larch string to everything was out to them.

The officials assembled at the company's general office, 106 Broadway, yesterday afternoon at 4 o'clock, where the large open car, No. 94, was boarded and the trip over the Rowlandtown line started. The colored park was inspected and on the return the gas plant and the electric light plant were inspected thoroughly, and for the first time many of the officials saw the machinery that lights homes and stores of the city. The street car was boarded again, and the joy ride included a trip around the loop from Third to Sixth streets and then the trip to Union station. The officials stopped at the car barn, and saw the improvements made when the company took charge of the traction company.

When Wallace park was reached the officials were the guests at a banquet. The dancing pavilion was converted into a banquet hall, with the tables arranged in festive style. The menu consisted of: Fried chicken, ham sandwiches, coffee, pickles, radishes, olives, cheese, boiled eggs, cornbread and other delicacies. Following the banquet a smoker was enjoyed. Before returning to the city the guests visited the attractions at the park, and saw the free sets. The officials and members of the civic bodies present were:

County officers—Judge Allen Barkley, County Attorney Sanders E. Clay; County Clerk Ben Singleton; Deputy Clerk Herman Katterjohn; Sheriff George Houser; Jailor Henry Houser; Road Supervisor John R. Thompson.

Magistrates—J. J. Blatch, Baxter Kunkendall, Charles Emery, J. T. Householder.

Board of Supervisors—Ell G. Boone and J. A. Glauber. Police and Fire Commissioners—M. W. Clark and R. R. Sutherland. Park Commissioner—Dr. D. G. Marshall.

Council—A. M. Foreman, James McCarthy, W. L. Bower, Fred Krentner, Pat Lally, Otto P. Leigh, Frank Mayer, R. J. Wilson, Charles Horton, George Hannan.

Aldermen—George Oshlach, George Harry R. Hank, C. L. Van Meter, Ernest Lackey, Will Farley, Joseph Potter. City Officials—Treasurer George W. Walters, Auditor Alex Kirkland, Clerk Maurice McFutire, Deputy Clerk Robert Hill, Engineer L. A. Washington, Assessor J. W. Orr, Judge D. A. Gross, Jailor James Clark, Chief of Police Henry Singers, Street Inspector Ernest Bell, Superintendent of the Lighting Plant W. H. Force.

Commercial Club Committee—Sol Davies, Henry A. Potter, George Goodman. Retail Merchants—J. L. Wolff, R. D. Clements, W. E. Cochran. President Joseph L. Friedman and Directors J. E. Pitterback, George Wallace, W. F. Paxton and Saunders E. Fowler of the Paducah Traction company and the Light and Power company were also in the body.

"Twinkle, twinkle, Halley's C., How your action pleases me! Marathoning past the sun, Like a diamond from a gun."

"Scotting, sparkling through the void, You fright the asteroid; Forgive worlds, despite their fears, Herald your approach with cheers."

"Have Rough Rider of the sky, Pain would I cut loose on high, Blazing astral paths like thee, (Fixed stars don't appeal to me.)"

"Comet, dwell I in the sky, Much like you I'd pack and fly, Where the Heavenly Game Trails are I would be a Shooting Star!"—Ex.

KILLED OVER ONE CENT.

Glass of Pulque Cost Mexican His Life—Slayer Confesses.

Mexico City, May 17.—After confessing that he had driven a machete through the body of Felipe Minoz, passing him to the wall of a pulque shop, Manuel Rodriguez was sent to prison today and placed at the order of the judge of the court of instruction.

Minoz was taken from the shop in a dying condition. Rodriguez stated he killed his victim for having asked him to pay for a one-cent glass of pulque.

SETTLERS ARE

ABLE TO PAY

RECLAMATION WILL STAND THE ACID TEST.

Irrigation Projects in the West Will Be Paid for by the Farmers in History of Irrigation.

CROPS VALUED AT \$14,000,000

Washington, D. C., May 18.—The acid test of the practicality of all the government reclamation work at hand. On April 1, there was due and payable into the reclamation fund from the settlers on the various projects, approximately \$14,000,000 for water rights. If the farmers are able to meet their payments, it evidences that the government is able to secure a return on its investment. If the payments are not made, the law is a failure in one of its most important provisions and the operations of the reclamation service would quickly be brought to an end. But a careful canvass of the projects on which water rights charged are due indicate that the settlers as a rule are able and willing to meet them.

On the big North Platte project in Wyoming and Nebraska there were 335 farms with charges due on April 1. It is reported that 227 of them paid up as early as last December and of the remaining 108 the engineers in the field estimate that not more than ten will be likely to be canceled. Most of these could relinquish at this time at a profit.

Even on the Truckee-Carson project in Nevada where conditions have been as unfavorable as any could be, the reports show few delinquencies. On the Okanagan and Sunnyside projects in Washington, the Shoshone in Wyoming, and the Huntley and Sun live in Montana, it is predicted that every farmer will meet his obligations.

The payment of their indebtedness by these farmers will probably be the most important single event in the history of national irrigation. There never has been any doubt as to the competency of the engineers to construct the projects, but doubt has been expressed as to whether the government could get its money back. The dollars of the successful farmers in the districts will be the answer and the vindication of the reclamation law.

Where the reclamation service finds that a failure has been due to conditions not under control of the settler, it is possible that some way may be found to protect his rights, but where the evidence is that the settler has made no effort to protect himself, he need expect no aid from the government. The farmers who came to farm, however, are making good.

The crops produced on the irrigated lands operated by the water system of the government in 1909 had an estimate value of \$14,000,000 and the land value increased not less than \$105,000,000.

RAISING OF THE MAINE.

Appropriation By Congress is Too Small.

New York, May 17.—The bill appropriating \$100,000 to raise the wreck of the battleship Maine in Havana harbor, and which now awaits the signature of the president to become operative, contemplates that the work shall be done by the engineer corps of the army. In the opinion of the Merritt-Chapman Wrecking company the wreck cannot be raised for the amount appropriated. It was this company that sent its big wrecking steamer, the Elgin, to the scene directly after the disaster and the divers of this company made the first examination of the wreck in conjunction with those supplied by the navy.

Speaking for his company, Mr. Chapman yesterday made it plain that he did not think it possible for the wreck to be raised for the amount appropriated. He believes the work will consume a full year. Mr. Chapman added that his company has no idea of bidding for the contract.

It is unlikely that the contract would be let to any private concern, because of the international interest that attaches to the vessel.

LACK OF MURDERESS.

Condemned, Her Sentence Commuted by Grand Duke.

Berlin, May 17.—August Zobel, a Berlin milliner, who murdered her rival in love, Frida Barthold, owes her life to the birth of an heir to the grand duke of Mecklenburg-Schwerin. There was great rejoicing on the happy event, and the grand duke ordered the reduction of sentences on criminals imprisoned in the grand duchy. Among them was August Zobel, whose execution was to have taken place this month. The sentence was commuted to penal servitude for life. The woman's crime was committed at Rostock, where the young opera singer, Frida Barthold, was appearing. Zobel's jealousy was aroused by her lover deserting her for the singer, and she went to visit Franklin Barthold, with a revolver concealed in her muff. After the tragedy the murderess was arrested at the railroad station.

The Sultan's Life.
"What kind of life did that fierce old sultan of Turkey lead?"
"Oh, I presume it was of the haughty-scarecrow sort."—Smart Set.

"Time's Flight Turned Backward" SAGE AND SULPHUR

Made Her Look Twenty Years Younger

Read Mrs. Herrick's Sworn Statement

STATE OF NEW YORK: ss. ROCHESTER, N. Y.
Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of strangers. As I grew older, my hair commenced to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur Hair Remedy to try a bottle. My hair was thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it was that coming back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. It is now, I say, since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

PRESERVE YOUR YOUTH AND BEAUTY

BY USING

WYETH'S SAGE AND SULPHUR HAIR REMEDY

IT IS PURE, SAFE AND RELIABLE.
IT IS NOT STICKY, OILY OR GREASY.
IT IS AN ELEGANT, REFRESHING DRESSING.

WYETH CHEMICAL COMPANY
74 CORTLANDT STREET, NEW YORK, N. Y.

FOR SALE AND RECOMMENDED BY W. J. GILBERT.

IN METROPOLIS

J. L. Starker is home from a sojourn at Sireator, Ill.

Mrs. L. Chait left for East St. Louis Sunday to reside.

Holla Gibbons, of Morehouse, Mo., is visiting friends and relatives here.

A. B. Comer has moved his family here from Smith.

Mrs. Janice Walker is visiting her daughter, Mrs. Arkie King, at Memphis this week.

Judge Liggett took in the excursion to Memphis Tuesday.

Misses Abbie Roby and Violet Ferrell did shopping in Paducah Monday.

The Herald office is putting in a concrete floor and in the meantime has a temporary office in the National State bank.

Mrs. Wade was taken to a hospital in Paducah Saturday for treatment; Mrs. Louis Planagan, her daughter, accompanied her.

Mrs. Frank Johns has returned from a winter's stay in Texas.

Dick Willis, who is taking the census in the Illinois mines, spent Sunday at home.

Curis Roby and family have gone to Texas to reside.

Prof. F. C. Proudly has accepted a position as superintendent of the Anna public schools.

The houseboat saloon across the river is now a thing of the past. Mr. Tilly has put his boat into the water and will seek other territory.

Sheriff Lyton arrested his engineer for his gasoline boat Saturday night and put him in jail. He would not divulge the charge.

Dave Hawkins has returned from a visit and business trip to Vienna.

Mr. and Mrs. James Davis have returned from a visit to relatives in Missouri.

Mrs. Ida Ashby and children, of Paducah, visited Dr. Orr and family the past week.

Mr. Oliphant, superintendent for the construction of the Burlington at this end, has finished his work here and will leave this week for Montana to superintend a building of a line there.

"Well," said the cheerful man, "we can thank this rainy season for one thing." "What's that?" asked the grocer. "It will give us a bumper crop of double-header ball games this summer."—Detroit Free Press.

A boy's idea of a hero is one who kicks another boy a size larger.

SUMMER SCHOOL

IN MECHANIC ARTS

State University, Lexington, Ky.

F. Paul Anderson, Director.

For Eight Weeks, June 11th to

August 6th, 1910.

This Summer School offers courses in shop work, mechanical drawing, laboratory work in the various phases of mechanical and electrical engineering, and all theoretical subjects pertaining to mechanical and electrical engineering. It is for teachers who wish to study manual training, for college students who are behind in their work, for mechanics or others who have not time for a regular college course and wish to supplement their reading or study with some practical experimentation, for students who wish to prepare to enter college or to complete the course in a short time, or for boys who may wish to spend part of their vacation in interesting work.

Special attention is given to Correspondence School students who desire closer personal supervision and other practical experience or laboratory work.

For detailed information regarding this Summer School, address:

PLANTS At Reasonable Prices

Geraniums, 4-inch pots, per doz., 75c.

Geraniums, 3-inch pots, per doz., 50c.

Geraniums, 2 1/2-inch pots, per doz., 25c.

My geraniums are the finest that have ever been offered to the Paducah trade.

Cannas, \$1.00 per dozen plants, at 60c dozen.

Altercatheras, 2c.

Alyssum, 2c.

Abutilons, 4-inch pots, 10c.

Asparagus-Plumosas, 4-inch pots, 10c.

Asparagus-Sprengire, 4-inch pots, 10c.

Asters, 2c.

Begonias, in variety, 2 1/2-inch pots, 35c dozen.

Begonias, in variety, 4-inch pots, 10c each.

CATARRH GOES.

So Does Sore Throat, Bronchitis, Croup and Asthma.

You can easily tell by reading the symptoms below, whether you have catarrh or not:

Offensive breath, frequent sneezing, discharge from the nose, stoppage of the nose, huskiness of the voice, tickling in throat, droppings in throat, a cough, pain in chest, loss of strength, variable appetite, spasms of coughing, low spirited at times, raising of mucus, difficulty in breathing, loss of vital force, W. J. Gilbert has a sensible remedy (money back if it fails) for catarrh, called Hyamel (pronounced High-o-mee) which is a vaporized air, so an "euphoric," that when it is breathed over the inflamed and germ-infected membrane, it kills all germ life, gives relief in two minutes, and cures catarrh.

The price, including hard rubber inhaler, is only \$1.00. The hard rubber pocket inhaler will last a lifetime, so that should you need a second bottle of Hyamel, you can get it for 50 cents.

RAILROAD NOTES

The Illinois Central wrecker and crew left Paducah this morning at 6 o'clock for Kentucky, to replace a derailed car of lumber on the track. The wrecker will return tonight.

Traveling Engineer Lloyd Trimles, of Fulton, was in the city today on business.

A. E. Byers, general yard master, left this morning for Louisville and Indianapolis on business.

Dr. Gambrell Recovering.

Dr. W. E. Gardner, of Carrollville, whose left ankle was mangled several weeks ago when it was caught in the machinery of a motor boat at Galesburg, Ill., is rapidly recovering at Riverside hospital and will be able to return home in a few days. At the time of the accident one of the tendons of the leg was wound around the cylinder, making it necessary to cut it loose. By skillful surgery his leg was saved from amputation and he will be able to use it in the future.

Nature's Remedies for Disease. Nature provides more effective remedies in the roots and herbs of the field than were ever produced from drugs.

Thirty years ago, Lydia E. Pinkham of Lynn, Mass., discovered and gave to the women of the world a remedy made from roots and herbs, which has proved more efficacious in curing women's diseases than any other medicine the world has ever known, and today Lydia E. Pinkham's Vegetable Compound is looked upon everywhere as the standard remedy for woman's ills.

NO ALLIANCES FOR BAPTISTS

WILL NOT CO-OPERATE WITH NORTHERN CHURCH.

Delegates From Illinois Are Seated In Convention at Baltimore.

MEETING ADJOURNS SINE DIE

Baltimore, Md., May 18.—Next year's Southern Baptist convention will be held at Jacksonville, Fla., on May 17.

Summarizing the work of the convention it may be said that it has been decided to enter into no alliances with other denominations; it has been resolved to enlarge the work of the Sunday school board by making it a general publication body; the convention declined to consider overtures from the Northern Baptist convention respecting co-operation work in the negro schools of the south, and delegates from Illinois representing more than 500 churches were seated in the convention, which also adopted resolutions favorable to the home mission board entering New Mexico and all states not hitherto occupied by the Southern Baptists.

The Southern Baptist convention adjourned after the most successful session in its history. The committee on temperance praised President Taft for setting the nation such a good example in the matter of total abstinence and in insisting on a change in the regulations governing the issuance of United States' licenses to retail dealers who are known to be bootleggers. Dr. J. B. Gambrell, of Texas, and W. D. Upshaw, of Georgia, both referred in their speeches on the temperance resolution to the political situation in Tennessee. Dr. Gambrell said that the whisky traffic had neither conscience nor heart and all that it did was done for the sake of money. He referred to some states where the officials were elected by the whisky power. Where this was the case a madman industry in the interests of the liquor traffic was conducted. He said Tennessee and Texas in the coming elections had the devil to fight and no Baptist should vote for any candidate who was in favor of whisky in any shape, fashion or form.

Mr. Upshaw said that the prohibition cause was moving forward although a backward step had been taken in Alabama, and although Tennessee had a governor who was paragoning murderers at the instance of the whisky power.

A mass meeting conducted by the Home and Foreign mission board occupied the attention of the convention until the hour of adjournment.

Rev. A. E. Brown, superintendent of the mountain schools, told of

some of the wonderful changes that had taken place among the people since the schools had been opened. A. S. Petey, a mountain teacher, told of how there was a Baptist church in five counties, but how there were 16 churches in that section.

A. S. Hawkins from the North Carolina mountains told of a number of boys who were in his school and who were doing splendid work and yet their fathers were blockade distillers.

Rev. M. N. McCall spoke briefly of the changes that were going on in Cuba and Rev. C. R. Daniel from the Texas Mexican mission introduced Rev. Barroso, a native Mexican. He spoke in his native tongue and Mr. Daniel put his words into English.

J. W. Porterfield, secretary of the foreign board, spoke briefly and was followed by Rev. William Carey Newton, of North China, and George Green, of Oghonashaw, Africa. Rev. E. W. Walne, of Japan, had 15 minutes in which to make a speech for which he had been preparing for 11 years. He said he had heard more talk of war with Japan since he had been here than he had heard in 11 years in Japan. He pointed to Y. Chiba, an educated Japanese who was present, and asked everybody who wanted to send a message of peace and good will to rise to their feet.

Three thousand people rose as one man and the Jap waved his hand and said in good English: "Thank you." The convention then adjourned. The closing prayer being made by Dr. R. J. Wellingham.

CHAIN GANG PRISONER ARRESTED BY PATROLMAN.

Frank Hale, colored, who escaped from the chain gang in April, was caught yesterday by Patrolmen Smith and Terrell. He was serving a 30 days' sentence for breach of the peace and had only made eight days. His fine was doubled yesterday. The police are looking for Jim Doolin, who escaped from the chain gang here May 11. Felix Merriweather, who escaped last Saturday, chopping off his shackles with a pick, is still at large.

Sparring Matches.

Tonight several sparring matches will be held at the colored hall at Seventh and Adams streets. The program will consist of a wrestling match, and several bouts between some of the best white athletes in the city. Considerable interest has been aroused in the mills, and a large bunch of fans is expected. Separate seats will be provided for the white and colored people.

About all some men get out of blowing their own horn is abuse for disturbing the peace.

Old People Feel the Cold Keenly, because their blood is thin, sluggish and watery. There is not the same renewal of strength that constantly goes on in youth. Vinol is the ideal blood tonic and strength maker of old people. It creates an appetite, promotes digestion, enriches the blood and invigorates the entire body.

The Evening Sun's Daily Markets.

No more loose leaf auction tobacco sales will be held in Paducah until next year. The remainder of the sales will be on the Planters' Protective association broker. Sales this year have been unusually heavy and rapid, the high prices being chiefly responsible, and the foreknowledge of this making the buyers active in the hunt of bargains.

Planting has commenced in the dark district, and though the weather has been backward, the farmers have a month yet in which to make a crop. A big one is assured this year, as there are plenty of plants. Last season the hopes of many were blighted by a scarcity of plants, but from the first the prices indicated that demands for large average this year would require more plants, and they were provided. How great the increase will be cannot be foretold, but there is every indication that every bit of available ground will be utilized for tobacco raising this year.

Buyers admit that the farmers are justified, and the extremely high prices of this season will stand for another year. This will mean that farmers may contract their tobacco at good prices early in the fall, and as was the rule this year, much of the tobacco will be bought on the farm.

Tobacco Market.

Louisville, May 18.—The market was strong, but the offerings were light. They were as follows: Burley, 6; dark, 72. Original inspection, 72; reviews, 6; total, 78. First sale tomorrow at the State House.

The Pickett House sold 19 dark at \$5 to \$11.75.

The Ninth Street House sold 4 burley at \$9.50 to \$15.25, 18 dark at 5 to \$8.50.

Livestock.

Louisville, May 18.—The receipts of hogs were very light, 230 head; for the two days this week 2,946. On account of the very limited supply, coupled with favorable reports from other markets, the trade ruled active and prices advanced 5c on all grades; selected hogs, heavy, medium, light shippers and heavy pigs, 90 pounds and up, selling at \$9.55; high pigs \$8.55; roughs \$8.85 down.

The pens were well cleared, and the market closed about steady.

Cattle.

The receipts were light, 61 head; for the two days 1,028. The buying crowd was small and strictly local; demand very light, and the trade quiet from start to finish, with but little change to be noted. Fair demand at steady prices for new light butcher cattle; others neglected and very slow sale. Feeder and stocker market dull, but little doing; the common and plain kinds very hard to sell. Bulls steady; canners dull; milk cows unchanged. No prime heavy cattle here today, feeling steady.

Calves.

Receipts 80; for the two days 196. The market ruled firm and higher, with the bulk of the lot 7 1/4 @ 7 1/2c; some fancy higher, medium 5 1/2 @ 7c; common 2 1/2 @ 5 1/2c.

Sheep and Lambs.

Receipts 193; for the two days 2,070. The market ruled quiet; best fat sheep (sheared) 6c down; wool sheep 1/4 @ 1/2c higher. Fall lambs dull, at 5 @ 7c; spring lambs 7 @ 8c; common sheep and trashy cull lambs almost unsalable.

St. Louis.—Cattle—Receipts 4,500; market steady; native beef steers \$6.70 @ 8; calves in carload lots \$4 @ 8.25. Hogs—Receipts 9,500; market slow; pigs and hogs \$8 @ 9.50; packers \$9.15 @ 9.60; butchers and best heavy \$9.55 @ 9.65. Sheep—Receipts 3,500; market lower; native muttons \$4.25 @ 7.25; lambs \$7.25 @ 8.35.

LOCAL PRODUCE.

(Corrected daily by Woolfolk, Bowers & company.)
Hens (pound) 11 cents
Butter (packing stock) 15 cents
Eggs (dozen) 15 cents

"Would it be any harm to deceive her about my age?" Inquired the elderly millionaire. "Probably not." "I'm 69. How would it do to confess to 50?" "I think your chances would be better with her if you claimed 75."—Kansas City Journal.

PATTERSON ONLY CANDIDATE OUT

DEMOCRATIC PRIMARY ENTRIES IN TENNESSEE.

Henton McMillin Will Stand for Nomination for United States Senator.

FIVE ENTER FOR JUDGSHIP.

Nashville, May 18.—The lists have been closed. Yesterday was the last day to qualify under the primary plan adopted for June 4 by the state Democratic executive committee. The complete list of the candidates who have qualified under this primary plan appeared in the Banner yesterday afternoon, no qualifications having been reported during the afternoon or night. Twenty-two candidates qualified. Each deposited \$100 with Chairman Austin Peay, making a total of \$2,200.

It is estimated that the primary election will cost at least \$10,000 or \$12,000, provided it is necessary to pay all the officers of election. To this cost must be added the expense of printing tally sheets, ballots and other election material. Assurance is given, however, that the state committee will "meet the emergency when the time arrives."

Party Nominees.

Under the primary plan which provides that in case there shall be only one candidate for any office that one candidate shall be declared the nominee, the following candidates will thus become nominees of the party:

For United States senator: Henton McMillin, Nashville.
For governor: Malcolm R. Patterson, Memphis.
For railroad commissioner, West Tennessee:

J. W. Thompson, Dresden.
For comptroller: Frank Dibrill, Nashville.
For judges court of civil appeals, East Tennessee: E. K. Bachman, Bristol.
West Tennessee: J. D. Senter, Trenton.
Felix W. Moore, Union City.

In the Primary.

The following candidates having opposition, will run in the primary, June 4:

For treasurer and insurance commissioner: W. T. Morris, Camden.
E. G. Tollett, Crossville.
DeLong Rice, Nashville.
For judges of supreme court: East Tennessee: R. H. Cooke, Chattanooga.
R. M. Barton, Jr., Chattanooga.
Middle Tennessee: B. D. Bell, Gallatin.
W. K. McAllister, Nashville.
West Tennessee: S. L. Crockett, Memphis.
R. E. Malden, Memphis.
W. W. Farabaugh, Paris.

For judges court of civil appeals (two to be nominated): Middle Tennessee: A. R. Ghoson, Clarksville.
M. T. Bryan, Nashville.
H. H. Cook, Franklin.
H. C. Carter, Waverly.
Arthur Crowover, Winchester.

The sub-committee appointed under the primary plan to have charge of the primary, meets in Nashville today for the purpose of naming the various county sub-committees. This sub-committee consists of Hon. J. M. G. Baker, of Knoxville, chairman, Mr. S. C. Lewis, Stewart county; Mr. P. H. Williams, Winchester, and Judge T. M. Sermons, of Memphis.

Hon. E. Rice, of Dyersburg, was the fifth member but has since resigned from the state committee. The vacancy on the primary committee thus created has not been filled. The county sub-committees are to be selected from lists furnished by the various candidates running in the primary and it is probable nothing will be done today except receive these lists.

FARMERS' UNION

WILL SELECT PLACE FOR STATE CONVENTION.

Meeting Here Friday to Determine Louisville Is Seeking the Honor.

The place for the annual convention of the Farmers' Union will be selected Friday when the state board of the Farmers' Union will meet in Paducah. At present R. L. Barnet, state secretary-treasurer, and O. F. Hughes, of Leitchfield, a member of the state board, are visiting cities in the state investigating the inducements offered for the convention. They will return tomorrow, and will make their report and recommendation to the state board Friday.

Louisville is one of the cities in the state after the convention, and this week Messrs. Barnet and Hughes have been in conference with the members of the Louisville Convention and Publicity league.

The annual conventions are attended each year by a large number of farmers here to a little town in Southern California for his health. In two weeks he wrote home that he felt ten years younger. Some days later he wrote again that he felt twenty years younger. Then his family heard no more from him. They telegraphed the mayor of the California town for information about him.

Got Too Young.

Hyperbole Gassaway went from here to a little town in Southern California for his health. In two weeks he wrote home that he felt ten years younger. Some days later he wrote again that he felt twenty years younger. Then his family heard no more from him. They telegraphed the mayor of the California town for information about him.

their Hyperbole Gassaway and got this answer: "I regret to inform you that your beloved husband and father, after a month's residence here, died from cholera infantum." Exchange.

Pity is akin to love, and if a young man has an obese bank balance it isn't difficult to find a girl to pity him.
